

Weekly Report

Lu Junhua

January 4, 2015

Work has been done

1. I have run the first SPARK code on the ssh client. Since Teacher Zhang and Lin Tao use python to manipulate spark, I also begun to learn a bit python. There are many APIs of python, I will also refer to them to advance learning.

Work to be done

1. I will learn more basic python syntax.
2. Preparing for the final.
